BrookeMarie's Goldendoodle Love Puppy Deposit Receipt

J. Doe family:

Thank you for depositing toward one of my Doodle puppies! This document is a receipt confirming that on October 4th, 2020 I received your \$500 PayPal deposit toward an F1 Standard Bernedoodle from Greta and Oscar. You are currently 6th on my 2021 waitlist. Puppy choice takes place in timeline order. As the average litter size is 8-10, I expect your puppy to be available Spring 2021.

Your total puppy price:	\$3500	
Deposit amount:	<u> - \$ 500</u>	
Puppy balance due:	\$3000	With MN state tax: \$3221.25*

*For MN residents, the state sales tax of 7.375% applies to the balance due. Your remaining balance of \$3221.25 (includes tax) is due upon puppy pick-up as a cash payment unless otherwise specified.

Deposit Policy:

Deposits are accepted and added to waitlists in timeline order. If I, the breeder, cannot release the puppy you reserved due to an irremediable severe health condition affecting your puppy, your deposit will be refunded or you can wait for the following litter. If I cannot provide a puppy from the same parents within 1 year or 2 litters from your initial parents, your deposit will be returned. Under other circumstances it is not refundable. Your deposit is fully transferable between my litters. You may transfer to any upcoming Doodle litter with availability at any time, as next place in line (other breed/size pricings apply). In the occurrence of a small litter, overflow families will automatically be moved to the parents' next litter in timeline order or you can transfer to another litter as next in line. While I cannot guarantee color/gender availability, I will always help you choose a suitable litter/puppy based on your preference and my professional experience. The breeder always maintains the right to breeder choice/first pick from each litter.

- Puppy choice takes place at 2-3 weeks old via photos/videos/video chat
- You can visit your puppy in person at approximately 6 weeks old
- Your puppy will be microchipped, have a full wellness check & first vaccinations, and have been on a deworming protocol before adoption
- Puppy adoption/flight nanny will be scheduled for approximately 9 weeks old

If you have further questions please don't hesitate to contact me. I offer full lifetime breeder support as part of my mission as an ethical, family-oriented breeder. I look forward to being part of your joyful puppy experience!

Sincerely,
